

Automation Made Simple
AutoSimply

Improve orders picking efficiency with paperless Picklist

AutoSimply Picklist

For Sage 300

Cost effective solutions with instant time to benefits for SMEs

Overview

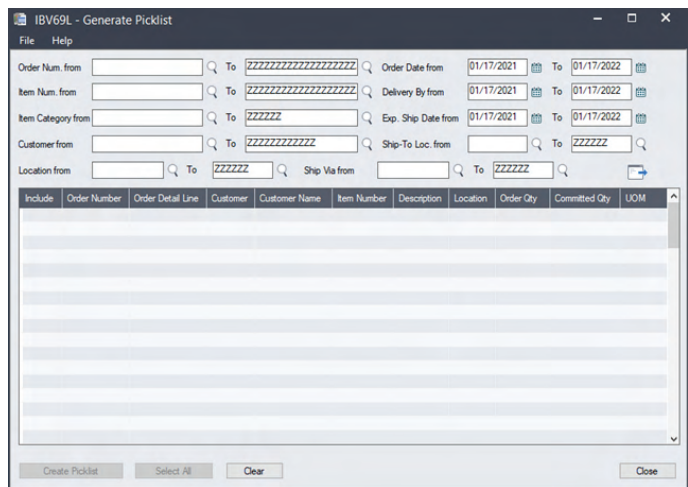

Designed exclusively for Sage 300, the AutoSimply Picklist solutions can be used together with BarCode or as a stand-alone module with Sage 300 Order Entry (O/E), which help to improve your orders picking efficiency.

Easy picking journey with Picklist module

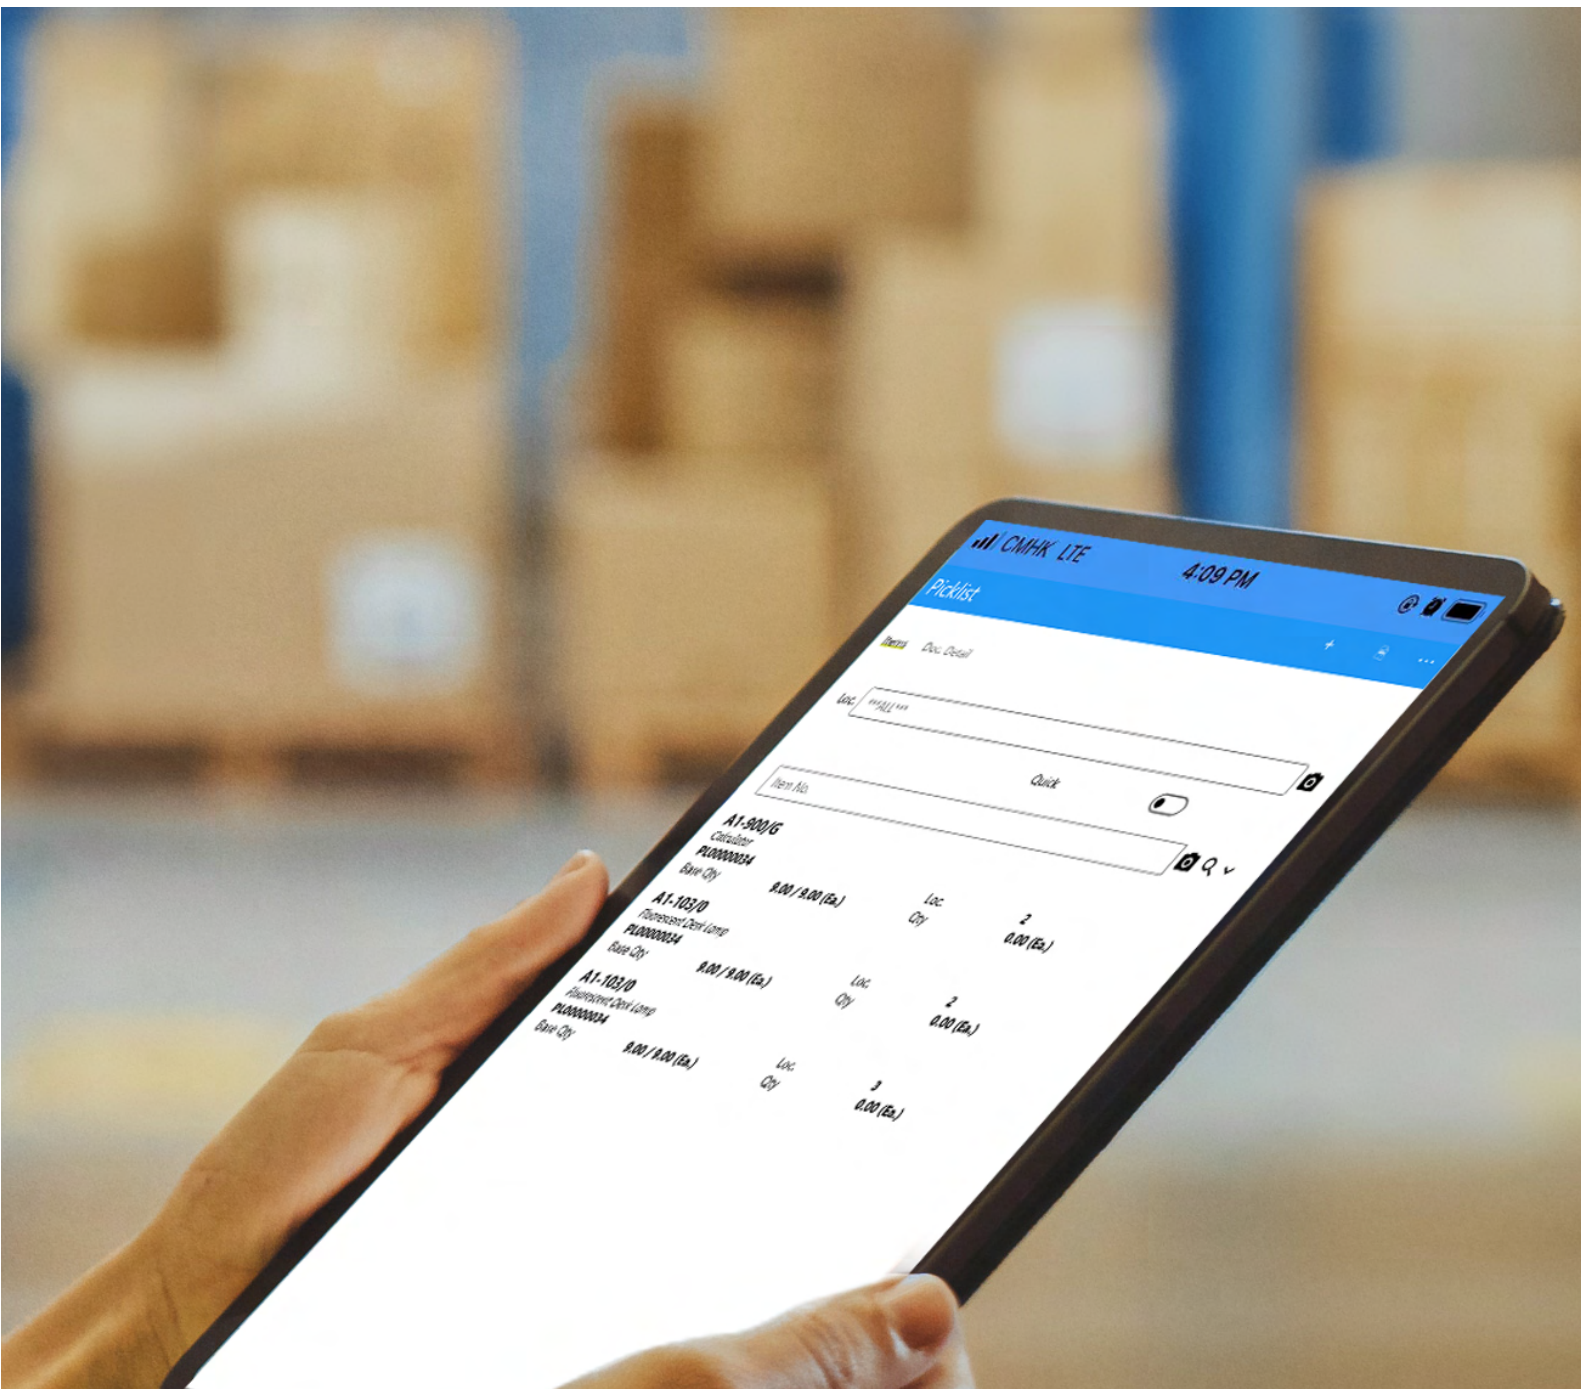

Key Features

- Can generate picklist by filtering different factors such as Order Num., Customer Num., Delivery Date, or Item Num. etc..
- Create picklists against single or multiple Sales Orders
